

GOLDEN Paintworks® Mural Paints

are 100% acrylic architectural coatings pigmented with artist grade colorants, selected for superior quality, durability and strength of color.

The majority of Mural Paints are designed for both exterior and interior applications, with a few select colors recommended for interior applications only. Mural Paints may be diluted with water for use as glazes or washes in a wide range of techniques and are compatible with most waterborne products.

Key Features

- Strong, opaque colors
- Thins easily for more transparent colors
- Exterior colorants selected for advanced lightfast qualities
- Single component, 100% acrylic waterborne formulation
- < 50 g/l VOC content; Complies with VOC regulations in all jurisdictions
- Meets the criteria for LEED Credit 4.2 (Low Emitting Materials – Paints and Coatings)
- Water clean up

For more information, visit GoldenPaintworks.com or call: GOLDEN Materials Application Specialists at 800-959-6543.

Interior Colors Only

*Quinacridone Magenta, Dioxazine Purple, and Ultramarine Blue are offered within the product range to produce a wider gamut of mixed colors for interior applications. These colors are NOT recommended for exterior, however, if used in this manner a UV protective clear topcoat is required.
