

# Black Venetian Plaster With Beaded Strands

**GPW GOLDEN**  
PAINTWORKS.

Caroline Lizarraga | Limited Edition | Winter 2020

#### PRODUCTS

- Golden Paintworks Soapstone
- Golden Paintworks Slow Dry Fluid Acrylics in Carbon Black
- Golden Paintworks Glazing Gel
- Golden Paintworks Glass Bead Gel
- Golden Paintworks Pre-Mixed Metallic Paint in Silver
- Golden Paintworks Pre-Mixed Metallic Paint in Bright Silver

#### TOOLS

- Stainless Steel Trowel
- Soft Rag
- Stir Sticks
- Mixing Cups
- Squeeze Bottles with Fine Tip Points (think of the old-school ketchup or mustard containers)

**HOW TO:**

- 1 | **MIX** the Soapstone with the Carbon Black Slow Dry Fluid Acrylics to a solid black (*Photo 1*).
- 2 | **APPLY** 3 coats of Soapstone. Burnish in between coats to increase the shine (*Photo 2*). Let dry.
- 3 | **RUB** Glazing Gel over the entire area and buff to a shine with a soft rag. Let dry (*Photo 3*).
- 4 | **MIX** two separate color batches of a) Glass Bead Gel with Silver Metallic Paint and b) Glass Bead Gel with Bright Silver Metallic Paint. We mix two to give the design dimension. Pour each color mix into separate squeeze bottles. Start piping your desired pattern of beaded strands onto the wall using a guide (such as chalk) or organically (*Photo 4*). Let dry (*Photo 5*).
