Iridescent Pearl
Titanium Dioxide coated mica

Interior Colors Only

*Quinacridone Magenta, Dioxazine Purple, and Ultramarine Blue are offered within the product range to produce a wider gamut of mixed colors for interior applications. These colors are NOT recommended for exterior, however, if used in this manner a UV protective clear topcoat is required.

Golden Paintworks® Mural & Theme Paints

are 100% acrylic architectural coatings pigmented with artist grade colorants, selected for superior quality, durability and strength of color.

The majority of Mural & Theme Paints are designed for both exterior and interior applications, with a few select colors recommended for interior applications only. Mural & Theme Paints may be diluted with water for use as glazes or washes in a wide range of techniques and are compatible with most waterborne products. Use Mural & Theme Paint colors to enhance a wide variety of projects from murals to themed façades, entertainment venues, hotels, restaurants and other commercial buildings.

Key Features

- Strong, opaque colors
- Thins easily for more transparent colors
- Exterior colorants selected for advanced lightfast qualities
- Transparent Oxide colors to achieve intense to subtle shading of rock work
- Excellent leveling and dry to an even satin sheen
- Single component, 100% acrylic waterborne formulation
- < 50 g/l VOC content; Complies with VOC regulations in all jurisdictions
- Meets the criteria for LEED Credit 4.2 (Low Emitting Materials - Paints and Coatings)
- Water clean up
