

# BRUSHED WHISPER SHIMMER

## Shiree Ingram | Decorative Finish How-To

### PRODUCTS

- White all-purpose primer
- Golden Paintworks Metallic Whisper
- Metallic Texture Pearl Tint Base

### TOOLS

- Nappie winnie roller
- 4" Chip brush

## HOW TO:

- 1 | Base paint with a white, high-hiding, all purpose primer.
- 2 | Using a nappy winnie roller, apply two coats of Golden Paintworks Metallic Whisper, let dry between coats. Apply full coverage, rolling in a random pattern; for this application overlapping paint lines is not a concern. *(Photos 1-2)*
- 3 | Mix 1 part Golden Paintworks Metallic Whisper with 2 parts Metallic Texture Pearl, then mix in Extra Fine Silver Glitter (1 teaspoon for every 6 ounces of paint). Using a 4" chip brush, apply the paint in an "X" pattern, partially overlapping each "X". *(Photos 3-4)*
- 4 | Complete one wall at a time without any "stops and starts," to provide a more uniform look.  
Here is the final finish. *(Photo 5)*
