- Acrylic round brush
- Variety of acrylic brushes

HOW TO:

- 1 | **PREPARE** the wall with Metallic Texture Tint Base in Pink Effervescence with a trowel, using the smooth application technique.
- 2 | **DRAW** silhouettes of birds in various sizes, with some overlapping and one or more at a larger scale than all the others, designated to be in the foreground (*Photo 1*).
- 3 | **MIX** Metallic Paint Tint Base Pearl with a bit of Burnt Sienna Mural & Theme paint to achieve a shimmering dark pink. Fill in the smallest of the bird silhouettes with this color (*Photo 2*).
- 4 | **SELECT** some of the medium sized silhouette shapes to have a glossier sheen than the others and fill in those shapes with Titanium White Mural & Theme paint. At this point you can also prime the large foreground bird(s) in white (*Photo 3*).
- 5 | **FILL IN** all of the medium sized silhouettes with Just Brass metallic paint, including the ones that were primed in white. This may require two coats of paint for good coverage (*Photo 4*).
- 6 | **RENDER** the foreground bird(s) in detail using the Mural & Theme paints. Add some highlights with the Metallic Paint Tint Base Pearl. Here is the completed piece (*Photo 5*).
